

JULY 1, 2022

Lift One Kin

Spring 2022 Update

Thanks to a generous donor, we were able to purchase two industrial sewing machines! These will go toward income-generating skills training for unemployed youth and mothers, and can be used for making sandals, bags, clothing, and more. Unemployment is a major challenge in Uganda and affects the health and education of entire families. We are currently raising funds to secure a small learning center that will house the skills workshop as well as a small library.

NEW SCHOOL SUPPLIES FOR THE TERM

- **More than 60 workbooks donated**
- **21 reusable sanitary pads distributed**
- **15 children (5 families) supported**
- **100 kids colored eggs for the 1st time during our Easter outreach**
- **1 HIV+ woman & her baby supported with food and medical care**

Thank
You

At Lift One Kin, by uplifting one, we uplift another. God surely does not forget us and therefore we maintain opens hearts and open arms to all people. Through God's faithfulness, your generosity and the power of teamwork, we are empowering lives and changing communities.
